

HARBINGER CENTENARY SONG

Chorus: Harbinger... learn together side by side
Harbinger... fly forever far and wide
Smile..... and look back at the friends you made
Remember all of the games you played
Here at Harbinger School.

Verse: Imagine all the history
This old school has known
Think about the people
The winds of time have blown.

Bombs rained down and wars were fought
Airships in the skies
Who remembers ration books
Or saw the docks on fire?

Bridge: One hundred years of hopes and fears
One hundred years of laughter, tears,

Chorus: Harbinger...

Verse: Look at how the River swings
Around our Island home
Tugs and barges, ancient docks
Canary Wharf, the Dome.

Shining water everywhere
Ships bring wondrous things
By night we hear the foghorns blast
By day a school bell rings.

Bridge: One hundred...

Chorus: Harbinger...
