

Helping at Home

- ⇒ Don't forget! Practice your spellings
- ⇒ Book bags every Tuesday
- ⇒ PLEASE REMEMBER PE KITS
- ⇒ JUDO (Tuesday and Thursday)
- ⇒ Read everyday

Science and technological understanding

- Apply knowledge, skills and understanding when designing and making product
- Discuss the importance of hygienic food preparation and storage

Outcome

To design, plan and prepare health snacks

Yellow class will be taking part in Stratford picture houses very first ever school animation project. We will be working with animators to create a short film about "Going Green".

Understanding English, Communication & Language

- Create and shape their writing, using different techniques to interest the reader
- share ideas and collaborate with others using ICT
- Create effects by combining written text with illustration, moving image and sound

Outcome

To use ICT software to create a s short animation to tell story and convey information;
To produce leaflets and posters to reflect and inform other about environmental issues

Mathematical Understanding

- Generate and explore a range of number patterns including multiples
- Select from a range of mental strategies for addition and subtraction of numbers with two significant figures
- Recognize symmetry properties of 2D shapes and patterns
- Understand perimeter as a length and to find the perimeter of rectangles and other shapes
- Explore the development of different measuring systems, including metric and imperial measures

Understanding Physical Development, Health and Well-Being

- Appreciate what makes a healthy lifestyle, including the benefits of healthy eating
- To explore diversity in food and respect differences

Outcome

To design a healthy and balanced packed lunch
To write and perform a rap in group to encourage healthy eating and exercise

Geographical and Social Understanding

Explain how people's actions can affect animals
Write from another point of view
Collaboratively towards a common goal

Outcome

To understand and explain what 'endangered' means
To discuss the causes of animals becoming endangered
To discuss how people can help endangered animals

Scientific Technology and Understanding

- Apply scientific knowledge and understanding to grow healthy plants
- Recognise the different functions of parts of a plant
- Make predictions about how they will grow

Outcome

To be able to explain the functions of different parts of a plant and what they need to grow
To contribute to making a class grow bag.
To observe, predict and give reasons during experiments
